Mission
The Ohio State University at Newark provides access to the university by extending Ohio State courses, programs, research and service to many Ohio communities.

A Rich History
A true community effort, Ohio State Newark was founded in 1957. Community members gathered to paint, build and carry furniture into a remodeled barn, the campus temporary first home. The first classes took place in the evenings at Newark High School with 80 students and eight faculty members. In 1966, 7,000 Licking County residents pledged over $1 million toward the cost of land and construction of the first campus building.

Today, the campus features 11 buildings, including the recent addition of the new Jane C. and William T. McConnell Hall in August. This new residence hall boasts 120 new beds and a 300-person event space. In January the Adena Recreation Center, a state of the art recreation and fitness facility, was opened after an extensive $3.7 million renovation of Adena Hall. The center is open to students, staff and faculty.

Tuition for a full-time student who resides in Ohio and is scheduled between 12 and 18 credits hours per semester is $3,776.40. Textbooks for this type of schedule would cost around $600.
